

Where can I find you?

Eclipse is situated in the Sussex Downland village of Old Willingdon just north of Eastbourne off the A2270. Our local towns and villages, coastline and countryside offer tremendous scope to photograph a full spectrum of both country-life, sports, animals, birds, and stunning sea & landscapes. The surrounding countryside has been classified as 'A National Park'. There are places we go on special courses, such as Knockhatch Birds of Prey Centre, The Marina (Biggest in Europe), Pevensey Castle, Michelham Priory, The Pier etc.
